DETAILED ACTION

Allowable Subject Matter

Claims 1,3-7 are allowed.

The following is an examiner's statement of reasons for allowance:

Crane et al discloses a video tape recorded in which an analog audio/video signal supplied provides an analog converting section (Figure 2 A/D converter 68 converts the analog A/V data as described in Column 5 Lines 34-44), an editing section (Figure 3 shows an editing section as further described in Column 6 Lines 1-5 and 43-57), a discontinuous medium, (Figure 3 optical disk 46) continuous medium (Figure 2 VTR); however, the prior art of record fails to disclose the following:

“..a continuous medium on and from which the video signal and the audio signal that are reproduced from said discontinuous medium are continuously recorded and reproduced, wherein in response to selection operation on an operating section, said editing section changes a sequence of video signal and the audio signal which are to be recorded on said discontinuous medium.”

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
